Cover Letter

Dear Hiring Manager,

I am excited to apply for opportunities in **Generative & Agentic AI**. With **1 year of hands-on experience** at **Tecrix**, I have developed practical expertise in building and deploying AI solutions. My work has focused on developing **AI-powered chatbots, RAG-based retrieval systems, fine-tuned LLMs, and streamlit-based applications** that deliver real-world business value.

In addition to technical expertise, I bring strong **problem-solving skills, adaptability, and a passion for innovation**. I thrive in collaborative environments and enjoy contributing to projects that push the boundaries of AI technology. I am confident that my skill set and enthusiasm for Generative AI can contribute meaningfully to your company's mission.

I would welcome the opportunity to discuss how my background aligns with your organization's goals. Thank you for considering my application, and I look forward to the possibility of contributing to your success.

Best regards,
Muhammad Abdullah
